Conference Call / Audio Web	The analysis of the data reveals an increase in Brazilians' income in election years and the positive impact that social policies have on reducing poverty.
CRM Software	The conclusions are based on the analysis of recent data gathered for the national household survey conducted by the government's IBGE statistics institute.
Headsets	Brazil is going through "an historic period" in terms of poverty reduction, said Marcelo Cortes Neri, director of the Social Policy Center of the Getulio Vargas Foundation, who added that in 2006 the number of people living in extreme poverty in Brazil fell by 6 million.
Open Source CRM	
SIP PBX	Despite that, there are still 36.2 million people who live on less than 125 reais (\$65) per month, the poverty threshold, according to the foundation, which is one of Brazil's leading think tanks.
SIP Server	
Speech Technologies	The percentage of Brazilians living in extreme poverty in 2006 was 19.31 percent, compared to 35.31 percent in 1993, the year before the launch of a new currency, the real, in what turned out to be a successful effort to tame Brazil's chronic inflation.
